Love Dating
Vol. 1-8

[Weight 440-160]

Mika is in her last year of high school, and she is currently dating her beloved Takada-kun! Even though Takada-kun's super cheeky little brother, Gyoji, keeps interrupting them in various ways, the love between Mika and Takada continued to grow. Then, the time came for university entrance exams! Although she tried very hard to get into the same university that Takada will attend, her efforts were all in vain as she was placed on the waitlist. Everyone was shocked about it, but a few days later, she was in the safe zone. She received a notice stating that she had been admitted due to enough people dropping out. With the excuse behind them, Mika, Takada, Yui-chan, and Takamine-kun are now on a trip to celebrate their graduation. As the same time, though, Mika's little sister, Tami-chan, goes to her aunt's house, along with her mother, to help deliver a baby. She ends up right where Mika and the others are staying at, and for some reason, Gyoji tags along!

Maggie, Superwoman, and Lighter present Mike's house as all its splendor. He all agreed that her family house is a lot cleaner than her room might ever be. Except maybe Super's. Well, she's a total freak so she doesn't count.
